

ON-SITE PRODUCT SOLUTIONS

J & L FASTENERS X PFERD

The customer explained their projects require a smooth No. 4 (32-RA) mirror finish on stainless that currently takes 55 minutes per job to achieve.

Utilizing our partnerships with effective manufacturers, J&L was able to bring our PFERD rep to the customer and demo some solutions.

BEFORE & AFTER

After testing the recommended products and seeing the process go from 55 minutes to 15, the customer was happy to move forward with an improved way to grind and polish their stainless steel.

REQUIREMENTS

- ✓ Obtain #4 (32-RA) Mirror Finish
- ✓ Save Customer Valuable Time
- ✓ Remove Pitting / Scratches / Welds
- ✓ Develop A More Productive System
